

# Wishes

Written by Lori Anne King, Illustrated by Keith King

## Testimonials

“Wishes”, what can I say? Except I have read and looked at the illustrations many times, I just “wish” I had some little ones to read “Wishes” to, as it would be a great bedtime story. Thanks Lori, congratulations and good luck.

I liked it because it was a nice eBook that told an important story about wishes that may come true. I liked the pictures too!

Matt M., age 12, Ontario, Canada

I loved reading this eBook to my kids! Everyone loves to make a wish, especially kids! It left them full of imagination as to what they would wish for next. A short, simple, meaningful, perfect little eBook. Suitable for all ages!

I liked this eBook because it rhymed and the pictures were cool! I liked the story because next time I see a ‘wish’ I will wish for something really great! I hope that other young kids and adults enjoy this eBook as much as I did.

Sophia M., age 9, Ontario, Canada
